**or call 207-985-0374**

Carlisle Academy is a USPC Riding Center that follows the Pony Club Curriculum to teach young riders mounted and horse care education. Skills, safety, and fun are at the center of all activities with a variety of disciplines to choose from. Unmounted time is spent learning all parts of horse care including nutrition, hoof and shoeing, health care, and stable management. Campers are assisted by upper level Pony Club members as well as a Carlisle staff instructor. Crafts, water games, and many more summer activities will be included!
